Soul-Level Success for the Visionary Leader in You

Topics Tambra can discuss in the media:

- Spontaneity and synchronicity: Magic for relationships, business and more
- An end to Guru-ism: Why it is essential we stop seeking out the leader to follow, idolize and emulate
- A new activism - being the changed and the change-maker
- Take the spiritual blinders off: Break the habits of hiding behind spirituality and personal-development that keep you from living a fulfilling and joyous life
- A cross-cultural collective call is sounding around the world, awakening people to be consciousness activists and change-makers into their own hearts and homes and where they can serve
- The emergence of the divine feminine and what it means to us individually and collectively, and why this isn't just about women
- The feminine descent and emergence; Soul-Level Transformational Journey of women shifting from a masculine identity and values to a new way of being, integrating masculine and feminine energies and presence
- Living your faith: What every messenger must face
- The four foundational pillars of conscious business: Model for profit, growth, service & sustainability
- Commitment to life, a way to empowerment
- The shift from a competition to collaboration
